

Dear Parent/Guardian,

We are excited to have your child participate in the Teach ME Virtual STEM Club. NIHERST is committed to providing a safe and enjoyable online experience for your child. We ask that you read the **Virtual Club Parent/Guardian Guidelines** and also review the **Club Code of Conduct** with your child.

VIRTUAL CLUB PARENT/GUARDIAN GUIDELINES

LOGGING IN/LOGGING OUT

The club is hosted weekly over two-day sessions, Monday – Tuesday session and Thursday – Friday session, which run as outlined below. Students can be registered for either the Monday – Tuesday OR the Thursday – Friday session depending on which is convenient. (Sessions are not interchangeable).

- Monday – Tuesday from 4:30PM to 6:30PM
- Thursday – Friday from 4:30PM to 6:30PM

All students are required to log in using the provided link and passcode to the session for which they are registered at least five (5) minutes before the session is scheduled to begin. It is important to log in to the session early to troubleshoot any technical difficulties e.g. configuring audio and video settings.

Please enter a screen name/username that is the **full name** of the student as stated on the submitted registration form. Students may be placed in a virtual waiting room before entering the online club and using their name aids in confirming their identity before providing access.

Students should start the session with their video/cameras for the duration of the session except when asked to share their screen with the group. Microphones should be muted at all times except when the student is given permission to unmute by the facilitator.

Before logging in to the session we ask parents/guardians to survey the physical space in which the student will be seated for the virtual club. Please be mindful of camera placement e.g. away from open windows, passageways and doorways as well as lighting and objects in the background.

Additionally, it is in your best interest to inform relatives and guests that your child will be participating in an online session and to refrain from disturbing. At the end of the virtual club session, all students are required to safely log out of the session or this will be done by the NIHERST facilitator.
